New Year, New Lower Studio Rents

dot-art's Studios, just North of Liverpool city centre, have had a big price drop for 2017 and there are currently four spaces available, starting at just £55+VAT per month.

dot-art has operated affordable, flexible studios in Waterloo since 2012, suitable for all types of creatives. They are secure, centrally heated, mainly open plan spaces with excellent natural light. Parking is included and they are very close to both train and bus routes. The studios are accessible 24 hours a day, 7 days a week and the flexible contracts are on a month by month basis with no deposit.

Lucy Byrne, Managing Director of dot-art said:

“Our remit as a social enterprise is to support artists in the region and we set up our studios in response to demand from our member artists for affordable space. We have always kept our prices as low as possible so when our costs fell this year and we found ourselves in a position to lower the prices, we were keen to do so. This is just part of the diverse range of support services we provide to visual artists that we have developed over the past 11 years.”

Notes to editors.

dot-art supports visual artists and champions art as an integral part of everyday life.

We do this by selling locally sourced, affordable art, working with businesses to put art in the workplace and public realm, running art classes and working with schools and community groups.

All this is underpinned by our unique membership scheme for artists in the North West which gives access to all the activities above and a package of support and advice, creating and developing artists' careers.
